Objective

I am proficient in C++ and a solid understanding of Data structure, excited to embark on a career in software engineering as a fresher. My academic foundation and passion for problem solving drive me to contribute effectively. I am eager to learn, adapt and leverage my technical skills to develop solutions while continuously expanding my knowledge in a supportive and collaborative environment.

Education

Mahakal Institute of Technology, Ujjain
B-tech : Computer Science Engineering

2020 - 2024
CGPA : 7.75

Projects

Newline Web app | *HTML, CSS, JAVASCRIPT* [Git](#)

June 2023

- It is a Dynamic and user friendly front-end news web app where user can access information smoothly at their tip of finger. API is used to integrate live news feed from News API.
